

**Organization:** GI 305

**Job Title:** Non-Profit Web Design Intern

**Position Type:** Internship

Are you interested in developing professionally, while making an impact in the community?

Founded in 2023, GI 305 is a nonprofit organization advancing guaranteed income in Miami-Dade County, focused on neighborhoods most vulnerable to poverty, violence, and displacement.

We are a small, but mighty organization addressing one of the County's most pressing issues – income inequality and housing insecurity. Our dedicated team is boots-on-the-ground and grassroots, and we move swiftly every day to connect with community stakeholders, public interest donors, and civic and municipal leaders to develop awareness around guaranteed income and mobilize support for our mission. We are passionate about removing financial barriers to help enfranchise residents and workers in Miami-Dade County.

**Job Description:**

We are seeking an enthusiastic, detail-oriented Web Design Intern to redesign our website using a traditional website builder, such as WordPress, Squarespace, or Wix. We seek to implement new features and functionality, ensure performance, and formulate an effective, responsive design. Build your project portfolio while contributing to bettering our community here in Miami.

**Requirements:**

- Compatible graphic design and web design skills.
- Must have a good eye for layout and typography.
- Basic understanding of web design principles.
- Must have skills in basic website coding.
- Proficient in WordPress, Wix or Squarespace, or similar platform.
- A positive team player, with good time-management skills.

Along with your resume, please share creative examples of your work to [madi@gi305.org](mailto:madi@gi305.org). We are looking for someone to commit to the completion of the website (likely a 2–3-month timeframe) with a defined timeline of deliverables and needs at the onset.

**Location:** Remote

**Time Requirements:** Full completion of website within a 2–3-month period
